PENNEYS Ireland

Munster Stores full inclusive HVAC Maintenance and Call-Out Services

All planned maintenance is scheduled during closing hours in order to minimise service and customers disruption and reduce safety issues to the minimum.

Thanks to our BMS division, that has been working with Penneys to rewrite software strategies and BMS settings, significant Energy Improvements and costs reduction have been recently achieved in Penneys Stores.

Sirus was also in charge of the Patrick Street R22 Water Chiller replacing operation, which involved a smooth crainage drop-in manoeuvre at 4 am.
